

RYLAN COOK

41 Panorama Hills Heights NW, Calgary, T3K 5P1 | 403-200-8129 | rylan.cook@rylancook.ca

Graduate of SAIT Information Technology program with a major in Software Development. Recently completed contract work for FDM Group serving TD Bank as a Quality Assurance (QA) analyst working with backend and frontend automation. Seeking an opportunity to work in a testing field through an entry-mid level position.

EXPERIENCE

Nov 2021 – May 2024

IT Consultant | [FDM Group](#) | Toronto, ON (Worked remotely from Calgary, AB)

Placed at TD Bank as a QA analyst. Worked as part of a small team to update the TD Commercial Banking Centre in both the frontend and the backend. Manually tested every change made to the website reporting bugs and inconsistencies, ensuring that the frontend was following accessibility standards, so tools such as screen readers and mouse-less navigation would function properly. Created automated tests with a focus on reusability using Selenium for the frontend and an API framework for the backend. Also worked directly with Microsoft SQL server for testing on stored procedures and inserting critical testing data, as well as the Unix server running bash scripts to automate data loading.

Technology Used: Java, Bash, SQL Server, Selenium, Jira, Git, Cucumber

Apr 2018

Northview Apartment REIT | Calgary, AB

Created a Microsoft access database to organize land leases in the territory of Nunavut.
